## COMMODORE'S COMMENTS

I don't know about the rest of the Lakers, but this particular Laker can't wait for the Corn & Sausage Roast at the Yacht Club tonight (check out the C&S article in the Barker for the details on time and cost). I hope to see all of you there...and thanks in advance to all of the grill masters and corn shuckers (or would that be corn huskers?) for your efforts in pulling off this fantastic event!

As much as I love the C&S Roast, it brings a good news / bad news scenario. It's obvious what the good news is – delish corn and sausage (and no need for me to cook)! The bad news is that it means August is here already. I can't believe how the summer days are flying by. I know some of the school systems in Indiana will be back in session this coming week ... it just doesn't seem

right...it feels like summer just started! Good Luck to our teachers, staff and students returning to the classroom next week!

It was wonderful to see the lake getting its clarity back last weekend. Did anyone else notice how clear it was? What wasn't wonderful was the trash I saw in the lake – floating and on the bottom. We had something that looked like a jelly fish stuck in the weeds by our pier – turned out to be a paper towel – as well as a sunken beverage can. While out on the lake for a boat ride, we picked up an empty can that was floating in the water on the Northwest side and a bright yellow coozie floating on the East side. Even though I don't believe the litter was due to a member of our lake community, we do need to rally and clean up what careless folks leave behind. I have to admit I was disappointed to observe a few Birch Lake boats drive by the floating debris without picking it up ... hopefully it was

Don't forget the Fall Dinner is right around the corner – August 18 to be exact! I would be delighted to sell you a ticket, as would any of the other ticket sellers noted in the ad in the Barker. ## 2018 Men's Golf Outing

Thanks to our 13 teams who played in the men's golf outing this year. The weather was just about perfect for golf, sunny but cool, with enough wind to blame for the rare hook and slice. We started at 18 at Park Shore Golf Course and finished at the Yacht Club with dinner from Bacon Hill Kitchen and Pub.

Our top team of John DeCloedt, KC Wiseman, Terry Wiseman, and Joel Finch finished with an incredible 21 under. The last place team (names withheld to protect reputations) were great

We also had a hole sponsored in memory of Bob Temple, who certainly joined the outing in spirit. Be sure to

thank all of our sponsors for their continuing support of Birch Lake and our community.

Special thanks to our volunteers: Jennifer Liddell, for delivering beverages, snacks, and sass; Bill Holleman for helping set up the course and generally keeping me from going off the rails; and Vic Jones for helping with cleanup and washing dishes (shh, don't tell Leslie!).

Finally, I announced at dinner that I'm stepping down from running the outing. I've been involved for the last 6 years. It's time for someone to assume the mantle and help build the outing into something better. The proceeds are donated to the Birch Lake Yacht Club general fund, where they are used to help pay for fireworks, water quality projects, and anything else the lake needs. If you're interested in the role, please contact me.

See you on the lake!

# FLEET CAPTAIN'S CORNER

## Fleet Captain's Gibe #12 by J. Patrick McGann

**A** glorious weekend it was here on Birch Lake. No wind on Sunday to hold races but I saw several sailors out skiing and pulling skiers others were soaking up the sun or taking a cruise on their pontoons. Saturday was the day to sail with a nice steady breeze and forecasts for 1-3mph winds for Sunday a number of sailors took to their boats out on Saturday afternoon to get their sailing fix in.

This Saturday is the **SUNFISH-ONLY SATURDAY FUN DAY** at 11 am. Watch for the big yellow buoys to be put out and get out early. Go to the pontoon boat with the Bad Patty Flag and with all the pretty ladies on board. There will be a smaller orange buoy near by with an imaginary line between the front of that boat and the small orange buoy makes up the starting line.

Captain Bob King drove around the lake and reported that he counted 25 Sunfish boats that he could see on lifts or on shore. We would love to get all 25 of them out this Saturday. If you are going to sail any day this year make it this Saturday! If for any reason you are unable to sail your boat yourself ask a

family member or neighbor to sail it for you, please. If you don't know of anyone but are willing to loan it out for a couple hours, let me know and I will try and fine someone to sail it for you.

Moreover, if you know how to sail and would like sail a sunfish let me know too so I can hook you up with one. It will be a great "photo op" also. After seeing that old blurry black and white picture (I'm sure the original was in color but the Barker is black-only) in last weeks Barker of 28 Sunfish all sailing on Birch Lake a long time ago ... wouldn't it be nice to see something like that again Saturday with all the great modern cameras and photographers we have on the lake today? Post them on our Facebook Group page "Birch Lake Lovers" after the race for all to see. This is an entire-lake event so if nothing else come out in your boat, watch this exciting event, root for your friend or neighbor, or help if a boat near you capsizes. To contact me, Pat McGann, by cell or text enter: 574-532-5377 or email me at Pat@McGannHay.com.

Sailors, committee boat staff and their families are invited after the Saturday Sunfish race to come over to the East Side Sailing Club (ESSC) to review the race(s), fouls, winners and

"otherwise hobnob with our fellow wizards of the wind" and to enjoy our own good company over a generous supply of assorted soft drinks, beers and wines in the shade at the ESSC is located at the Vitale, Luecht, McGann shore. Drive, sail, walk or parachute in or hitch a ride on one of those giant Goldfishes for the fun and fellowship after the race(s).

PS. Please Become a member of the BLYC. "Its for the good of our lake!" If you don't know if you have already paid your 2018 dues or not shoot Deb Spratt a text or call at 574-276-8783 to find out.

# YOUR HOROSCOPE

**Aries (March 21-April 19)** - You're thinking about or hearing from old flames from your past. This can be complicated. Sometimes some feelings are still smoldering, and you remember why you fell in love with that person. Sometimes the opposite happens. Within two minutes, you remember why you left! Time has a way of warping memories. This is a romantic time for you, as well as a great time for vacations, social outings, sports events, parties, art openings and playful times.

**Taurus (April 20-May 20)** - You're in contact with relatives you haven't heard from for ages. Stock the fridge and get ready for family reunions where everyone sits around the kitchen table trading lies about the bad old days. Enjoy trips down memory lane. Tackle house repairs you've been ignoring. Your involvement with a parent will be important. Venus will bring some fun escapes with parties, social events, romantic getaways and a chance to test your creative talents.

**Gemini (May 21-June 20)** - So what's on the fritz? The car? Dishwasher? Dryer? Phone? Computer? And that's just the broken stuff. What about missed appointments? Conversations that are like two ships passing in the night? Canceled events. Detours. Note: Drive defensively and carefully to avoid accidents. Expect surprise contact with siblings and relatives, and plans unraveling before your eyes. Finish what you started. Research or study history. Olde world stuff.

**Cancer (June 21-July 22)** - You're frugal and not casual about money. (You can live it up - but you think about it first; and you're aware of who is picking up the tab.) However, this is an excellent time to repair anything that you already own. If you're looking for work, go back to places you applied at before or where you once worked. Unfortunately, checks in the mail will be late. Be wise and double check all information regarding financial arrangements.

**Leo (July 23-Aug. 22)** - Silly things go wrong with emails, cell phones, computers, home appliances, cars, bikes, motorcycles, mixed-up communications by mail or Internet, plus lost things, misplaced paper work and confused appointments. In addition - your health. But you will survive. You will do well at work and might boost your earnings. You will make some beautiful purchases - exquisite art or something special. Be patient with partners and close friends.

**Virgo (Aug. 23-Sept. 22)** - You have a lovely advantage if you're doing hidden, secret work. Well, we're not all spooks, so you might really use this advantage in terms of doing research and looking for answers to old questions and solutions to old problems. Meanwhile, lovely Venus in your sign makes you charming and diplomatic. This is also a wonderful time for you to buy wardrobe treasures for yourself.

**Libra (Sept. 23-Oct. 22)** - You're a popular, social sign, and this month, you will hear from old friends. Take advantage of this chance to be in touch and rekindle memories. Not only will you have contact with old friends, you will also interact with members of clubs and organizations that you were involved with from your past. These interactions will be intriguing, informative and perhaps even educational. But they will also be beneficial for you.

**Scorpio (Oct. 23-Nov. 21)** - You have more interaction with parents, bosses and VIPs from your past. Old issues with parents and bosses will arise. Solutions aren't guaranteed, nevertheless, this is your chance to look at these past situations with wiser eyes. Perhaps you were a child then and an adult now? You will have more objectivity and more understanding for the limitations that occurred or the expectations that were not met. The Sun high in your chart makes you look marvelous in the eyes of others. You are admired! Mark Twain said, "I can live for two months on a good compliment."

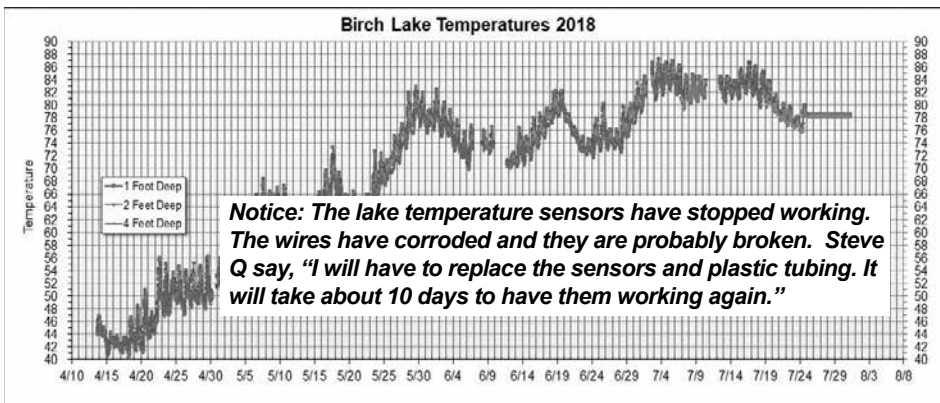

**Sagittarius (Nov. 22-Dec. 21)** - You are the traveler of the zodiac and it's curious that this Mercury retrograde is taking place in your "home". Namely, the part of your chart that covers travel, dealing with foreign countries, and anything to do with higher education, medicine, the law, publishing and the media. This means there will be delays to travel plans - cancellations or rescheduling. Ditto for anything to do with higher education. Although there will be delays to publishing, medicine and the law - at the same time, you have an opportunity to finish projects in these areas.

**Capricorn (Dec. 22-Jan. 19)** - You can finish matters with inheritances, wills, taxes, debt and anything to do with shared property and insurance issues. This is a lot of red tape and it can be boring or daunting. But hey, it won't go away on its own. Use the energy to wrap up old business in these areas because you will be surprised at how easy it will be! Meanwhile, you can travel for pleasure and explore new horizons. Romance with someone who is different" might blossom.

**Aquarius (Jan. 20-Feb. 18)** - You will be hearing from ex-partners and old friends. Perhaps it will bring you opportunities for closure or a better understanding? It gives you a chance to rethink a current relationship and whether or not your expectations are realistic. Remember: unexpressed expectations almost always lead to disappointment.

**Pisces (Feb. 19-March 20)** - There will be mixed-up communications, equipment breakdowns, computer problems, packages late in the mail, confusion with staff schedules and difficulty working or perhaps the loss of a job. Fear not; this is temporary. The upside is that you can complete a lot of old projects that are job-related. Fortunately, relations with partners and close friends are smooth and supportive. Opportunities to travel and get further education are also a benefit.

## Heading into last week of camp

**W**e're heading in to the last week of camp for 2018! It's amazing how the weeks fly by each year.

This year is a special year for camp – it's called a Patteran Year. The Patteran is a tradition that happens every 5 years, and dates back to the early 40s. The origin of the name "Patteran" is that it is a Gypsy term referring to a code or symbol or sign left by Gypsies for one another, as a sign that they had recently passed by. Usually a Patteran was a stack of rocks or arrangement of sticks, letting other Gypsies know that others were in the area.

Every five years, the final week of the summer is Gypsy Week, and we have a set of special traditions, songs, and activities that we only do during these Patteran sessions. Each cabin is a band of Gypsies, and they are assigned a color for their band. The colors have different meanings; for instance, Gold stands for friendship, Navy for loyalty, Rose for peace, and Purple for trust. Each Gypsy band tie-dyes bandannas in their color, to wear throughout the week. They also work on a special song for their cabin, which

they will perform on Friday evening for the whole camp.

During the week, each evening activity is designed to teach the kids special Patteran songs, share the legends and traditions of the Patteran, and help them share in the magic of this long-standing tradition at camp. We also share clues each night at dinner to lead the kids to a treasure! On Thursday evening, the directors will lead the kids in a search of the camp property, seeking the Patteran – which is a time capsule that we bury each Patteran year to be discovered by the campers and staff who attend the next Patteran event.

The Patteran jar contains parchments, scrolls, and other documents, sharing the history of all the Patterans of the past. There are stories from past campers, logs of all the campers and staff who attended those years, and bits of tie-dyed fabric from prior Gypsy bands. We will all gather in Morris Lodge and read some of the stories from the past. The logs of past campers and staff will be displayed in the dining hall on Friday so that campers can find their parents, grandparents, siblings, and other friends

and relatives whose names are listed for previous years.

We end the week with our traditional final Council Fire ceremony. The Council Fire for the last week of camp each year is special, because we have a torch ceremony honoring all the campers who have earned the Order of the Birch award that year. The campers and staff will then proceed to the waterfront carrying candles and singing. We typically come down the stairs for the candlelight serenade around 9pm, and stand on the pier to sing to all the lake residents who come out on their boats.

If you've never been here for this candlelight serenade, you should definitely come out on your boat this year. With 130 campers and about 40 staff, there will be quite the procession. It's beautiful to see the kids come down the stairs, carrying flickering candles, and singing. Once we reach the waterfront, we set our candles in the lake to float while we serenade. Hope you can join us on Friday, August 10 around 9pm to close out another awesome summer at camp!

## Want to buy or sell a house? I can help in so many ways!

It made sense to open a real estate brokerage in the area I have lived and worked for so many years. I love this part of Michigan! I love the lakes, the farm fields, the local businesses, the people! When I worked in township government, I saw how hard it can be to navigate the system ... for a variance, a permit, a land split, a lot-line adjustment, an appeal for a change due to an error on a property tax assessment. I can help with all of that! And when it comes to real estate, I'm committed to YOU. I use the same tools as other, larger brokerages, but I work harder and smarter. Read my testimonials at WillowTreeRealty.com. I am the best choice to sell your property or find you one here. I'm local, I'm sincere, I have proven experience. I know the community, and they know me.
